6. Attendance restrictions.....	4

1. Introduction

This plan is based on the [contingency framework for managing local outbreaks](#) of COVID-19, published by the Department for Education (DfE).

We will only implement some, or all, of the measures in this plan in response to recommendations provided by EMAT, the local authority (LA), director of public health (DsPH), Public Health England (PHE) health protection team or the national government.

It may be necessary to implement these measures in the following circumstances:

- To help manage a COVID-19 outbreak within the Academy
- If COVID-19 infection rates in the community are extremely high, and other measures have failed to reduce transmission
- As part of a package of measures responding to a 'variant of concern' (VoC)

2. Testing

At present, all staff are asked to complete Lateral Flow Tests on Sunday and Wednesdays, reporting to the school if they test as positive. Parents have also been made aware that they are able to obtain such testing for home use but it is believed that these are not seen as necessary for Primary aged pupils. **Staff will be asked to continue to test over the holiday period.**

3. Face coverings

Currently, staff – who are not exempt – are being asked to wear masks only when working closely with child or within communal areas of the school or when visiting another classroom.

Visitors to the school building, including parents, will be asked to wear a mask unless exempt.

If recommended, staff and visitors who are not exempt from wearing a face covering:

- Will be asked to wear a face covering in classrooms or during activities, unless social distancing can be maintained or a face covering would impact on the ability to teach.

4. Shielding

We will adhere to national guidance on the reintroduction of shielding, which would apply to those on the [shielded patient list \(SPL\)](#).

We will speak to individuals required to shield about additional protective measures in the Academy or arrangements for home working or learning.

5. Other measures

If recommended, we will limit:

- Residential educational visits
- Open days
- Transition or taster days
- Parents coming into school
- Live performances

Currently, the government has asked that parents do not attend the school unless for essential meetings where it would not be appropriate to hold them online.

6. Attendance restrictions

Attendance restrictions will only be recommended as a last resort **and only where the government issue this direction**. If recommended, we will implement the measures in this section.

6.1 Eligibility to remain in school

In the first instance, we will stay open for:

- Vulnerable pupils
- Children of critical workers
- Any other pupils due to take external tests this academic year

If further restrictions are recommended, we will stay open for:

- Vulnerable pupils
- Children of critical workers

This criteria will not apply if the class has to close due to the level of close contacts to an omicron case or staffing levels are unsafe. In this situation, all may have to remain at home and be taught remotely. It is hoped that this would be an unlikely scenario.

6.2 Education and support for pupils at home

All other pupils will be required to stay at home and will receive remote education within 24-hours of the class closure.

We will aim to deliver remote education that meets the same quality and quantity of education that pupils would receive in the Academy, as outlined in our Blended Learning Policy.

The Academy will continue to provide meals or lunch parcels for pupils eligible for benefits-related free school meals while they are not attending school because of COVID-19 isolation guidelines.

Wherever possible, we would ask that these are collected from the school; although, it may be possible for the Principal to deliver these to the home in an emergency.

6.3 Wraparound care

It is our intention to run a normal provision of extended care and curriculum activities.

However, if required, we will limit access to before and after-school activities and wraparound care during term time to those that need it most using the same criteria that is outlined in section 6.1.

We will communicate who will be eligible to attend once the restrictions are confirmed.

6.4 Safeguarding

We will review our child protection policy to make sure it reflects the local restrictions and remains effective.

Eastern Multi-Academy Trust

Empower - Motivate - Aspire - Transform

We will aim to have a trained DSL or deputy DSL on site so long as staffing and government restrictions allow.

In a full lockdown, where there is no DSL or deputy on site, a senior leader will take responsibility for co-ordinating safeguarding on site.
